Current Stocking: ..... none

Historic Stocking (last year stocked): ..... none

Contaminants (species tested): ..... no testing done

Assessment: Completed Projects:

1975 lake survey

Synopsis

Adams Lake is a small but relatively deep lake located in Sinclair Township. Brook trout were stocked into Adams lake from 1941-1968 with over 14,225 trout being stocked. The lake was considered to have fair trout fishing in the past. Stocking was discontinued due to the access road being impassible. It is unknown what fish species are currently in the lake today.
