Ballantyne Lake

Fisheries Management

Fisheries Management Zone: 15

Designation for Lake Trout Management: ..... not designated

Fishing Regulation Exceptions ..... no lake-specific exceptions

Current Stocking: ..... none

Historic Stocking (last year stocked): ..... none

Contaminants (species tested): ..... no testing done

Assessment: Completed Projects:

2001 Algonquin EcoWatch Baseline Lake Data Study

Synopsis

Ballantyne Lake is a small, semi-remote lake located in Ballantyne township. The lake has not been formally surveyed. In 2001, Algonquin Ecowatch collected baseline water quality information on the lake. It was found to be quite acidic, with a pH of 4.5, which makes it incapable of supporting all but the most tolerant fish species.
